

Nursing Inpatient Krames Integration - Go Live: 6/21/22

OBJECTIVE:

To incorporate Krames Patient Discharge Instructions into Meditech in order to accurately account for what education was provided to our patients.

WHAT TO EXPECT:

New **Pt Instruct** button on Nursing Status Board

New **Patient Education** section in the Nursing Discharge Plan

- Click **Pt Instruct** button on Status Board or
- Click **Edit** next to **Pt Education** under the new **Patient Education** section of the Discharge Plan
- Choose the Meditech compatible **Language** from the **Pt Instruct** button on the Status Board. Use the Krames Intranet Web link for all other languages.
- Click **Add/Remove** to Search for Krames Instructions

- Search for Krames Patient Instructions by **Suggested/Selected, All, or By Category**
- Select **View** to preview content and **OK** to select
- **Preview** or **Print** to the computer's **Default Printer**
- **Print Packet** – Nursing Discharge Instructions print to the Meditech printer. Krames Pt Instructions print to the Default computer printer.
- Patient Instruction titles will be listed on the **Patient Signature Page** of the Discharge Instructions
