Drug Levels (Lab)
Updates to directions
Changes go in effect 01/15/25

- To prevent users from selecting the wrong directions on Peak and Trough drug levels, all directions except for Timed and Stat will be inactivated at Corporate Standards on the following orders:

- Amikacin Peak

- Amikacin Trough

- Gentamycin Peak

- Gentamycin Trough

- Tobramycin Peak

- Tobramycin Trough

- Vancomycin Peak

- Vancomycin Trough

- Vancomycin AUC1

- Vancomycin AUC2

- The end user will only be able to select Timed or Stat for directions
