Meditech Reminders
Go-live 4-8-2025

- **Note Category**

   New note category: **VASCULAR ACCESS**

   Vascular Access teams write nurses notes regarding placement of vascular access. The new category will make the note easier to access in clinical review

- **eMAR Subcutaneous Injection Site**

   Adding: LLE Left Lower Extremity
   RLE Right Lower Extremity

- **Med Rec**

   Currently previously ordered DME (Durable Medical Equipment) is visible in the discharge desktop.
   DME will be added to Reconcile RX button.
   If there is DME on the patient's med rec on
   admission, and the patient is no longer using, please discontinue. i.e. Crutches
